

10 MINUTE TRAINING TOPIC Motorcycle Safety

Tips for the Rider:

- Remember to SEE – Search, Evaluate and Execute.
- Wear proper protective gear – helmet, boots, goggles, etc.
- Take a safety course.
- Follow the rules of the road, including the speed limit.
- Make good lane and position choices.
- Leave escape routes.
- Use your turn signals, hand signals and headlights.
- Watch for road hazards.
- Take the road and weather conditions into consideration.
- Never drink and ride.
- Don't ride on the shoulder, in between lanes or weave in traffic.

Tips for the Motorist:

- Be aware that judging speed and distance can be difficult.
- Look for brake lights.
- Pass with care.
- Don't follow too closely.
- Check your blind spots and use your turn signals.
- Give them extra space and look twice!
